

Update from the Coalition

As 2024 gets underway, we are excited to continue publicizing results from the [Native Urban Elder Needs Assessment Survey \(NUENAS 1.0\)](#).

We also look forward to ramping up outreach to potential partners who share our commitment to improving the health and well-being of Native Elders.

Additionally, the Coalition is considering opportunities to check in with health centers that made the success of NUENAS 1.0 possible.

As always, we appreciate your support, and we will share more information as it becomes available.

Resources

Advance Care Planning

Download and share a guide to advance care planning (PDF, 566 KB, 16 pp) for people living with dementia and their care partners.

[Download the guide >](#)

Heart Health Awareness

In observance of American Heart Month, read an article that highlights the importance of culturally appropriate strategies to improve heart health among Native Elders.
