

Update on NUENAS 1.0

Happy New Year! By now, you have probably read [last month's article in Native News Online](#) about the Native Urban Elder Needs Assessment Survey (NUENAS 1.0).

We are confident that the Coalition's efforts to publicize findings from NUENAS 1.0 will generate additional media coverage. Those efforts include the recent distribution of [a press release](#) about the survey.

Additionally, the National Resource Center on Native American Aging is firming up plans to participate in several conferences, with the goal of helping people better understand how to apply data from NUENAS 1.0.

Please stay tuned for updates!
