

## News from the Coalition

Make sure you've saved the date for our next biannual meeting! It will be held October 8 in Washington, DC, with the option to attend virtually.

The meeting agenda will include time to discuss plans for the next iteration of the [Native Urban Elder Needs Assessment Survey](#). Additionally, partners will have opportunities to offer their insights into policy advocacy.

Also, many thanks to all who joined one of the three subgroups to help step up advocacy on behalf of Native urban Elders. Please keep an eye out for updates on the upcoming subgroup meetings.
